

Impeach Trump!

Here Are Good Reasons + Two Good Resources

Starting in June 2015 Trump tweeted his way toward getting elected and hurting America. His tweets and cruel, reckless actions were always the top news item every day. He put himself in charge of each day's news cycle.

Impeachment hearings will REVERSE Trump's media advantage. Now each day's top news stories will be: "Here is yet one more way in which Trump violated the Constitution" and "Here is yet one more way in which Trump broke the law." **The TRUTH will become the top news item and will put Trump on the defensive.**

This will cause his electoral defeat in November 2020 even if the Senate fails to convict him.

Impeachment will expose the truth and cause Senators and other Republicans to peel away from Trump, just as they did during the Nixon impeachment hearings, which significantly INFORMED and ENGAGED and CONVERTED the public, even though Nixon had recently won a landslide re-election in 1972.

During the impeachment hearings Nixon's popularity PLUMMETED as more and more Republicans peeled away and recognized that Nixon was indefensible.

Trump's federal crimes and constitutional violations are much worse than Nixon's. **Impeachment hearings will finish Trump off.** Even if the Senate does not convict him, the impeachment hearings will cause voters to massively reject him at the ballot box.
